**Consent for Human Chorionic Gonadotropin (HCG)
Anti-Aging/Weight-Loss Program**

I request and consent to injections of HCG and strict dietary restrictions for the purpose of losing weight. I understand this will be administered and monitored by the medical providers with Genesys Medical Consulting Group, LLC. I understand that as part of the program I will be given a limited physical and orientation to the program, will be instructed on how to administer the injections myself or make arrangements to have someone do so. I understand that initial blood tests will be performed to rule out any conditions that would disqualify me from the program or require any prior treatment before starting the program. I agree to immediately report any problems that might occur to the medical provider during the treatment program. I further understand that there could be risks involved as there are with all medications and that not complying with the dosage recommendations and dietary restrictions could increase risks and alter the results.

I understand that HCG is **not** FDA approved for weight loss. I also understand that there is no medical evidence to support use of HCG for this purpose. The medical providers with Genesys Medical Consulting Group, LLC provide and administer the treatment with HCG. I agree that I am, and will be under the care of another medical provider for all other conditions. Genesys Medical Consulting Group, LLC will work in conjunction with, but cannot replace, regular primary care physicians, such as general practitioners or other specialists in Family Medicine or Internal Medicine.

The FDA requires the following statement; "HCG has not been demonstrated to be effective adjunctive therapy in the treatment of obesity. There is no substantial evidence that it increases weight loss beyond that resulting from caloric restriction, that it causes a more attractive or "normal" distribution of fat, or that it decreases the hunger and discomfort associated with calorie-restricted diets."

I understand the medical providers with Genesys Medical Consulting Group, LLC only prescribe HCG and medication necessary for this treatment with HCG only as part of the weight loss program. The providers with Genesys Medical Consulting Group, LLC will not prescribe any other type of prescription or non-prescription medications of any kind. We are sometimes asked by patients to provide or renew other medications (such as painkillers or anti-depressants), which were originally ordered by other medical providers. We are not able to comply with such requests because it may lead to confusion and substandard medical care.

Because we are committed to enabling our patients to obtain and maintain health and wellness naturally, and the services provided by our office are based upon a natural and preventative approach, it is rare that this program is covered by insurance companies. Weight loss, in general, is rarely covered by insurance companies. For this reason, we do not accept or bill insurance for this program.

Patient responsibility: If you miss a scheduled appointment, it will be your responsibility to call our office to reschedule. There is a \$25.00 charge for a missed appointment without a 24 hour notice given to our office. For broken or misplaced vials there is a \$15.00 per day replacement fee.

REFUND POLICY: Once labs are done, the physical is performed, and the treatment is started, we cannot honor any refund requests based on scheduling conflicts, missed doses, unsatisfactory results, other conflicting medical opinions, other health problems that might concurrently arise, or any other reasons.

I have read and understand all of the above. I fully understand what I am signing and hereby request and consent to Anti-Aging/weight-loss treatment using injections of HCG.
